

## The Coalition to Stop Clear-Cutting California

# RESOLUTION

(Calaveras County, July 2004. Courtesy of LightHawk and Ebbetts Pass Forest Watch)

### ***Industrial-scale clearcutting is:***

- converting California's diverse forests to fire-prone tree plantations
- endangering wildlife and their habitat
- threatening water quality
- promoting extensive use of chemical herbicides
- contributing to global climate change
- damaging private property values and businesses in affected regions
- destroying the state's natural beauty

### ***We, Citizens of California and supporters of responsible logging, call upon the:***

- Governor of California
- Legislature of California
- California Department of Forestry and Fire Protection
- Environmental and Natural Resources agencies of the State of California

***To use all means at their disposal to end this destructive practice.***
